 - Brief discussion on the Comprehensive Plan Vision Statement
 - Final Vision Statement is as follows:
 - “Mower County embraces its agricultural roots while building a thriving future. By focusing on sustainability, economic growth, and residents' well-being, we create a resilient county.”
- **Engagement Update**
 - Update on events hosted between the February and March PAC meetings.
 - Nick Novotny spoke about various events including the presentation to the Karenni Community.
 - Discussion about the TAC meeting held on Feb 20.
 - Explanation and discussion on the Extra-Territorial Jurisdiction around Austin (and all cities).
 - Survey #2 has seen an increase in responses. 202 at the time of the meeting.
 - Postcards are credited for the spike in responses.
- **Public Services**
 - Responses related to Public Service goals presented.
 - Draft Public Services Goals and Principles Discussions.
 - Use term “resident” instead of “citizen.” More inclusive to people who reside in the county but are not technically citizens.
 - Several principles felt like the private sector should be responsible for.
 - Discussion on the principles related to education as the county does not have a significant role in education in the county.
 - Desire expressed to add “improve access to locally grown foods”
 - Desire to remove principles regarding services that the county currently does not provide.
- **Transportation**
 - Brief update on responses in survey #2 related to Transportation
 - Draft Transportation Goals

- Comment about the county being unique in that it is responsible for all bridge maintenance. Principle 1.1 includes bridge maintenance.
 - Comments on how the county will need more transit like the Veteran's Services vehicle.
- Meeting ended before a full discussion could be had. **Please see the survey regarding Transportation Goals and Principles.**
